The American Institute of Dental Professionals has recognized the exceptional performance of Texas's Dentist James B. Mazock, DMD as Two Years 10 Best Dentists for Client Satisfaction.

The American Institute of Dental Professionals is a third-party rating organization that publishes an annual list of the Top 10 Dentists in each state. Practitioners who are selected to the "10 Best" list must pass AIDENTAL's rigorous selection process, which is based on client and/or peer nominations, thorough research, and AIDENTAL's independent evaluation. AIDENTAL's annual list was created to be used as a resource for patients during the practitioner selection process.

One of the most significant aspects of the selection process involves practitioners' relationships and reputation among his or her patients. As patients should be a practitioner's top priority, AIDENTAL places the utmost emphasis on selecting practitioners who have achieved significant success in the field of Dentistry without sacrificing the service and support they provide. Selection criteria therefore focus on practitioners who demonstrate the highest standards of Client Satisfaction.

We congratulate James B. Mazock, DMD on this achievement and we are honored to have him as a Two Years AIDENTAL Member.
